## EVENT REPORT

In order to benefit the young researchers in the field, the Government Dental College and Hospital, Nagpur, organized a State Level Dental Students Conference on 28<sup>th</sup> and 29<sup>th</sup> of March 2022 at GDC, Nagpur. The aim of this conference was to motivate the young researchers to bring forward their ideas and innovations to benefit the "Make in India" Program.

The conference began with the registration of the delegates. After the registration process, the inauguration ceremony took place which was enlightened by the presence of Lt. Gen, Madhuri Kanitkar, Honourable Vice Chancellor of Maharashtra University of Health Sciences, Nashik.

Followed by the inaugural function, the table top clinic display and the guest lectures took place simultaneously. The 1<sup>st</sup> round of judging for the table top clinic display was conducted on 28<sup>th</sup> March 2022. The guest lectures like Glorifying Dental Practice by Dr. Sandesh Mayekar, Advances in Dentistry by Dr. Harsh Arya and many more were immensely informative and explanatory.

The Second day of Conference i.e. 29<sup>th</sup> March 2022 commenced with display of research paper and poster presentations followed by the 2<sup>nd</sup> round of judging for the table top clinic display.

The guest lectures on the 2<sup>nd</sup> day of Conference by speakers like Dr. Pavan Bajaj, Dr. Nilima Shah were really thought provoking.

Nine Interns from MGM Dental College and Hospital represented their college at Government Dental College and Hospital, Nagpur by presenting their innovations at the table top clinic display and also through various creative Research Paper and Poster Presentations.

The Conference was concluded with the Valedictory Function where some of the most innovative minds were felicitated with trophies and certificates. An Intern from MGM Dental College and Hospital, Navi Mumbai, Sritej Jagtap Secured 3<sup>rd</sup> Prize in Paper Presentation.

Overall it was a matter of great pleasure to witness such a grand Conference. It not only motivated the interns to keep working to reach the excellence but also gave us an outlook of how far Dentistry has come in terms of innovation and research.
