REPORT

A fire mock drill was conducted at APJ ABDUL KALAM AUDITORIUM on 7th May 2025 to ensure the preparedness of students, faculty, and staff in the event of a fire emergency. The drill aimed to educate participants on the correct procedures to follow during a fire outbreak and to evaluate the efficiency of the college's emergency response systems.

Activities Conducted:

- 1. Fire Safety Seminar:** A session led by CIDCO Fire Department officials covered topics such as fire prevention, types of fire extinguishers, and immediate actions during a fire outbreak.
- 2. Demonstration of Firefighting Equipment:** Practical demonstrations on the use of various fire extinguishers and fire blankets were conducted, allowing participants to familiarize themselves with the equipment.
- 3. Mock Evacuation Drill:** A simulated fire scenario was created, prompting an emergency evacuation. Participants followed designated escape routes to assemble at the predetermined safe zone. The entire evacuation process was timed and monitored for efficiency.

4. Feedback and Debriefing: Post-drill, a debriefing session was held where observations were shared. Emphasis was placed on areas of improvement, such as reducing evacuation time and ensuring clear communication during emergencies.

Outcomes:

- Improved understanding of fire safety measures among all participants.
- Identification of potential bottlenecks in evacuation routes.
- Enhanced coordination between college staff and emergency services.
- Recommendations for periodic drills and updates to emergency protocols

The fire mock drill at MGM Dental College & Hospital was a proactive step towards ensuring the safety and well-being of its community. Regular drills and continuous education on fire safety are imperative for maintaining a secure environment.

The event concluded with a vote of thanks by Dr.Pankaj Londhe.the event was greatly appreciated by all.
