General guidelines for IRRC presentation

Find below the guidelines for the presentation as part of the upcoming IRRC meeting:

1. Total no of slides: 10 (maximum)

2. Please avoid unnecessary write up in the slide.

3. Readable font (use a sans serif font like calibri, at least 12 font size or bigger).

4. Do not add more than 10 lines per slide to aid in legibility. Ensure proper spacing within each slide.

5. Slide should be in white background and black coloured texts. Avoid fluorescent or light coloured text.

6. Do not add any animation or slide transitions in your presentation.

7. Add your title to the footer of each slide (at least upto methodology slide)

8. Display the survey form and other related and necessary documents in the slide to justify the scientific weightage of the study.

9. Sample size estimation with justification is needed (if applicable)

10. Please avoid to include the cost of statistics in budget.
