**Time Management Seminar**

**Venue: Lecture Hall 1, MGMDCH**

**Date: 21/07/2018**

MGM Dental College and Hospital had organized an orientation program on Time management and soft skills development guided by the team of FALCON EDUVENTURES on 21/07/2018 from 9.00 am to 5.00pm.

The event commenced sharp at 9.00am with the introduction of the speakers - Dr. Vikram Shete and Mr. Gaurav Karkhanis. The main objective of the session held was to inculcate the value of time in a person's life.

We were all excited and in the midst of thoughts we were divided into three different batches, being separated from our best buddies but with a deeper purpose to learn something new.

The following activities were carried out during the session:

1. The guest speakers were felicitated.
2. A wonderful presentation was given by the guest speakers regarding the event.
3. Papers were provided which had four separate columns to jot down objectives, events, ideas and tasks that are to be performed by us ahead in our life.

After the activity we were asked to prepare a skit on ideal dental practice which was fun, at the same time made us aware of the points to be taken under consideration while setting up a practice.

The program helped us develop a better personality through very interactive, smartly organized and knowledgeable sessions. The session ended inculcating the value of time and how time should be used and invested in life.

**Activity During the event**

**Guest speakers with Dr. Vaibhav Thakkar  
(Program officer, NSS unit, MGMDCH)**

**Time Management is Life Management**
