WORLD CANCER DAY
AWARENESS PROGRAM

Date: 16-2-17

Venue: Rural Hospital, Kashele

On 16th February, 2017 the NSS Unit MGM Dental College And Hospital, Kamothe, Navi Mumbai organised oral cancer awareness camp at Kashele Rural Hospital, Karjat on the occasion of World Cancer Day. The main motive was to spread awareness on Oral Cancer: etiological factors, disease progression and prevention of oral cancer.

There we undertook certain programs:

Gathered all the patients in the hospital and gave information on—

- a.) Tobacco and its ill-effects.
- b.) How to identify precancerous lesions.

c.)Cancer and it's treatment.

d.)Spread awareness about maintaining oral hygiene.

e.)Carried out oral health assessment.

This program proved to be very fruitful as one of the patients handed over his tobacco packet and quit the habit by promising NSS volunteers.
