Swaccha Hi Seva

Venue: MGM Institute of Health Sciences

Date: 01/10/2018

Swachh Bharat Mission is very necessary to run continuously in India until it gets its goal. It is very essential for the people in India to get the feeling of physical, mental, social and intellectual well being as well as care for their surroundings. To commemorate this theme, the NSS Unit of MGMDCH took up the responsibility and organized a cleanliness drive. **Clean India drive** fondly known as **Swachh Bharat Abhiyaan**, was organized to commemorate the 150th Birth Anniversary of “Father of the Nation”. 500 students and 100 staff members of MGM Dental College assembled at the gates of MGM campus on 1st October 2018 at 8.00am.

The drive was initiated by our ever enthusiastic Dean ma’am, Dr. Sabita Ram, with an insight to create awareness on cleanliness.

The areas that needed attention were scouted a day prior and all the necessary arrangements were made. The staff members, non teaching staff and the students of MGM Dental College, with all zest cleaned the area around the university campus. The vendors around the campus were educated to maintain a clean surrounding. This was first such event witnessed by the I B. D. S. students and they were thrilled to see the enthusiasm and team work shown by all. The drive concluded at 9.30am after which the students headed back to their respective classes.

The drive instilled in the staff, students and passer-by, a sense of social responsibility as citizens of India, to help bring the dream of Bapu come alive.
