

AUGUST 17, 2021

INDEPENDENCE FROM COVID 19

UP MASK FOR NO MASK

Out for a task? Wear a mask.

On the occasion of Independence Day, 2021, the students and staff members of MGM Dental College and Hospital organised an innovative project with the theme, “Up Mask For No Mask” in the presence of following dignitaries, Dr. Sabita Ram Ma’am and Dr. (Lt. Gen.) K. R. Salgotra (Medical Superintendent). With the support of Respected Dean Dr. Srivalli Natrajan Ma’am and guidance of Dr Agraja Ma’am and Dr Vaibhav Sir, the Interns and NSS volunteers put together an awareness drive to fight the ongoing pandemic.

Event flow:

The general secretary, Karishma Jadhav, inaugurated the signature campaign by addressing the dignitaries, followed by a speech, describing the initiative and its cause by Prachi Bekhe. This was succeeded by traditional lighting of the lamp and the national anthem which was sung by a group of students. Then, the intern batch of 2021 put up an enlightening skit showing that awareness is always underrated and how much of a difference educating oneself can make. The skit pointed out the ignorance prevalent in our society, and how people seldom practice what they preach. In addition, posters and placards made by the NSS volunteers were displayed throughout the event. To affirm their participation, the audience was encouraged to take the pledge to wear the mask regularly and appropriately.

The event did not conclude there. The NSS volunteers carried out the campaign with an organised march around the campus with placards propagating the slogan, “up mask for no mask” with a vision to, one day, be free of masks.
