Summary

MGM Dental College constantly takes efforts of extending the oral health care to the community. The oral care initiative involves imparting oral health education to the community. Due to COVID we started imparting oral health education through online medium with the intention of creating awareness related to oral health in various communities based on various topics related to oral health.

Thus, similar kind of activity was extended to participants of Archarya Shri Ramesh Hostel. The activity involved a detailed talk on Awareness about Oral hygiene. Online session was conducted by speaker Bhagyashri Deshmukh. The session included a high level of interaction between the participants & the speaker. The speaker used evidentiary support with varied AV aids to educate the participants.

What is Oral Health?

- * According to the WHO, Oral health is a state of being free from chronic mouth and facial pain, oral and throat cancer, oral sores, birth defects such as cleft lip and palate, periodontal (gum) disease, tooth decay and tooth loss, and other diseases and disorders that affect the oral cavity.
- * Risk factors for oral diseases include unhealthy diet, tobacco use, harmful alcohol use, and poor oral hygiene.
